Dear Parents:

The incident that caused the closure of our school system has been thoroughly vetted by Manistique Public Safety, the School Resource Officer and Manistique Area Schools administration. The source of the perceived threat has been identified. When incidents such as this arise, the first goal is to ensure student safety. With this accomplished, we can move forward and learn from this event.

There is no place for this type of behavior in our school community. Please use this as an opportunity for growth as our children are faced with choices today that once did not exist. The lack of responsible use of technology is just one of the many issues that can have long-term repercussions on the lives of our children. We are looking forward to having the students back in school on Monday, October 31. Please recall that this was a predetermined half day of professional development for our staff. Thanks again for your patience.

Sincerely,

MAS Administration
