The MOST important school supply!

Bible - any classical or traditional bible you have at home will work. The translation you have doesn't really matter, but I have found that most kids understand the (NLT) New Living Translation easiest. We talk about various translations when we are learning and discuss the differences in text so having a specific translation is not necessary. We will be learning about all the books and how to find specific verses. We will also be using the bible to study stories, concepts, people, and events from biblical history. I do have a selection of bibles at school so if you can not get one for your child right away.

Wish List Items

- 1-2 Boxes of Kleenex
- 1 pkg of Clorox/Lysol Cleaning Wipes
- 1 medium size container of Hand Sanitizer
