Why I Volunteer...Jodi Lindroth

Hi, my name is Jodi Lindroth and I'm your PTO Secretary. I first joined PTO in Fall of 2021, when our family moved back to Manistique and my kids enrolled at SFDS. I initially started attending PTO meetings to learn more about the school, PTO sponsored events, and to become involved in the events that my children would be attending. That same school year, I was approached to become secretary, which I gladly accepted.

I love that I get to be a part of the SFDS family. There are several reasons I continue to volunteer for PTO. My favorite of which is first-hand experience in the fun activities at the school, which allows me to make memories with my kids along the way. Being able to support my children and all students at SFDS, and hopefully leaving a positive impact at the school, is very rewarding.

Another bonus of joining PTO is the connections that I've made with so many great people, and developed friendships that may not have happened otherwise. The staff members at our school are the absolute BEST! They are great people and fantastic individuals to work with. I've gotten to know them better over the last few school years, and I couldn't imagine not being part of it all.

There are many opportunities to become involved with our school through PTO. Please consider joining us for an event and supporting our students!
