# IMPACT TESTING

Schoolcraft Memorial Hospital will be offering ImpACT Testing again this year to our student athletes (12+ years old). This is cognitive testing that is done as a baseline to help aid with evaluations that would take place if your athlete were to experience a head injury/concussion from sports.

**If you would like your child(ren) to be tested, please fill out the attached form and return it to their teacher Friday, Sept. 22nd.** ImpACT testing will take place Wed., Sept. 27th at St. Francis.
